

Flower Committee Recruiting

Do you enjoy arranging flowers? We currently have nine ladies on our committee and would like to train a couple more. We work in pairs and try to schedule each person with another committee member throughout the year.

Each person works about once a month. On Thursday or Friday, flowers need to be purchased and conditioned, which usually takes about an hour to two depending on where you get the flowers. We are scheduled to arrange flowers at 9:00 AM

each Saturday—if there is a conflict, we need to arrange a different time that day with the office. Arranging the flowers also takes about two hours.

After all the services are completed (either Sunday afternoon or Monday), the flowers are taken down and the flowers that are still fresh are arranged into smaller vases for our flower ministry. The vases are taken to the office so that Flower Ministry members will be called with the number of vases available for distribution, which takes about an hour.

If you have the interest and the time to join the Flower Committee, please contact the committee at Worship@stmarks-elca.org. Thank you!
