

St. Mark's Visitation Team

Members of the St. Mark's Visitation Team do just that—they visit. For almost two years, they have visited shut-ins who are not able to worship on Sunday mornings and patients who are hospitalized.

The goal of this ministry is to keep in contact with as many St. Mark's friends and members as possible. **Alice Haupt** handles the telephone arm of this team to supplement personal visits. She keeps in contact by phone. **Jill Akers** has created some personalized greeting cards for a mailing arm, also to supplement personal visits. So ...

Now the Visitation Team needs a **Card Person**, someone to send the greeting cards in the US mail with a stamp. This is an easy at-home job for somebody. Team members would feed names to the Card Person, who would then mail the cards. And keep track.

Interested? If so, please contact Visitation Team Leader **Ken Anderson** at Visitation@stmarks-elca.org or **Pastor Varinia** at gvespinosa@stmarks-elca.org or 703-451-5331. Thank you!
